

Greg Kennedy *Innovative Juggler* —Tech Sheet

I. STAGE:

A. Organizer will provide a flat, level stage surface at least 1 foot above audience seating (unless seating is raked). The minimum stage dimensions should be **20-foot depth X 30-foot width** and have at least **12-feet of height** between the deck and the lowest hanging ceiling feature.

1. The show can be adapted to a smaller space in most cases if ample notice is given.

II. SOUND & LIGHTS:

A. Organizer will provide a sound system capable of accepting input from a computer (1/8" stereo) and from a wireless lavalier microphone (1/4" mono) which will be provided by artist.

B. A small table with an electrical power outlet (120V/20A) will be required for laptop and wireless DMX box.

C. A general wash with some back light is required for the show.

D. Artist will provide multicolored LED units for lighting accents.

E. A technical staff member, or volunteer, to run the sound & lighting system will be required during the show and the tech time (see below).

III. TECH TIME:

A. Greg will require access to the performance space, with technical staff members, for a period of at least 90 minutes prior to doors opening to the audience.

B. Two technical staff members, or volunteers, will be required during load-in, set-up, breakdown & load-out of the show.

IV. BACKSTAGE:

A. Greg will require a private dressing area to change before and after the performance.

1. Organizer will provide Greg with bottled water and clean towels during the tech time and performance time.

If you are unable to meet any of these provisions, please contact us so that we can modify the show accordingly.
